

YOUR CREATIVE SKILLS

*could bring joy and friendship to local care
home residents*

We are looking for volunteers to make items in the comfort of their own home, or in a group, that can be given to residents throughout the year.

Our craft-based projects include knitted and crocheted items such as blankets, capes, hand warmers, fiddle muffs and knitted sea creatures, for our knitted aquariums.

We also welcome handmade items such as bunting, bags, photoboards, fabric pots, flowers and teddies.

If you are interested in becoming a craft volunteer, contact us at hampshire@embracingage.org.uk, or complete an application form, and our team will get back to you.
