**EMBRACING AGE**   
Later life in all its fullness

## **1: A Great Place to Grow Old - reimagining ministry amongst older people.**

Our population and congregations are ageing - do you have a strategy for your ministry amongst older people? This webinar will help you develop it.

## **2: Coming alongside people with dementia**

How can we be a blessing to those living with dementia? This webinar focusses on how we can come alongside people with dementia in practical ways.

## **3: Being a blessing to care home residents**

Care home residents - some of the most overlooked and ignored people in society. If you're not reaching out to your local care home you are missing a vital ministry, or perhaps it just needs revitalising. This webinar will help you do exactly that.

## **4: Supporting informal carers**

Out of sight, out of mind: that's often the situation for informal carers looking after a loved one. It can be an isolating, hidden and exhausting role. We draw on feedback received from carers to outline guiding principles for churches in supporting carers.

## **5: Supportive Conversations**

Giving you confidence in having conversations with older people who are facing challenges, so that they feel supported and valued.

All workshops and webinars are led by Tina English, founder of Embracing Age and author of A Great Place to Grow Old.

Churches or wider church groups can book one or more of these webinars and workshops, which can be adapted to local need.
