“A compelling and hope-  
filled session with really  
helpful practical tips.”

A webinar participant

## **1: Reimagining ministry amongst older people**

Our population and congregations are ageing - do you have a strategy for your ministry amongst older people? This webinar will help you develop it. The session is based on the book *A Great Place to Grow Old* by Tina English, the founder of Embracing Age.

## **2: Coming alongside people with dementia**

How can we be a blessing to those living with dementia? This webinar focuses on how we can come alongside people with dementia in practical ways.

## **3: Being a blessing to care home residents**

Care home residents - some of the most overlooked and ignored people in society. If you're not reaching out to your local care home you are missing a vital ministry, or perhaps it just needs revitalising. This webinar will help you do exactly that.

## **4: Supporting those who care for a loved one**

Out of sight, out of mind: that's often the situation for unpaid carers looking after a loved one. It can be an isolating, hidden and exhausting role. We draw on feedback received from carers to outline guiding principles for churches in supporting carers.

## **5: How to have supportive conversations**

Giving you confidence in having conversations with older people who are facing challenges, so that they feel supported and valued.

## **A bespoke session based on your needs**

We are happy to produce a bespoke session for your church to do with your specific situation and challenges. We can also preach in Sunday services if you would like to invite us as a visiting speaker. Just let us know what you want and we will do our best to accommodate your requirements.
