

PICTURES OF JOY

PICTURES OF JOY PUT A SMILE ON THE FACE OF CARE HOME RESIDENTS, PARTICULARLY THOSE LIVING WITH DEMENTIA, AND CREATE PROMPTS FOR CONVERSATIONS.

When asked what difference the pictures make to the residents, one Activities Co-ordinator replied

"they bring a lot of joy, lots of conversation, and the residents really become present in the moment."

We are looking for local photographers and artists to share images with us that we can use for the pictures of joy project and for people to help us collate these images into packs and books and distribute them to local care homes.

We are also hoping to expand this project to incorporate pictures of local places and landmarks and we are seeking people who are interested in local history to help us with this and to collect residents' stories and make memory boxes to share with others too.
